No additional fact(s) or matter(s) have arisen during the course of the audit that we wish to draw to your attention and we confirm that we are independent and able to express an objective opinion on the financial statements.

- ▶ The findings in this report came to light during the course of our normal audit and assurance tests which are designed to assist us in forming our opinion on the financial statements and providing a limited assurance conclusion on regularity. Our tests may not necessarily disclose all errors or irregularities and should not be relied upon to do so. However, if any irregularity did come to our attention during our audit and assurance tests, we would, of course, inform you immediately.

FINANCIAL SYSTEMS AND CONTROLS

FINANCIAL SYSTEMS AND CONTROLS

- ▶ We have set out in this section key internal control matters identified during our audit work which we believe should be reported to you.
- ▶ Our evaluation of financial systems and controls relevant to the preparation of the financial statements of St John's Church of England Primary School was carried out for the purposes of planning and executing our audit of those financial statements. Accordingly, it is not intended to be a comprehensive review or opinion of the organisation's processes and control environment and would not necessarily reveal all weaknesses in accounting practice or internal controls which a special investigation might highlight, nor irregularities or errors which are immaterial to the financial statements.

	Findings categorised in red are a key concern which exposes the academy trust to a high degree of unnecessary risk and where the recommendation should be a priority of the trustees.
	Findings categorised in amber are a significant concern which exposes the academy trust to a moderate degree of unnecessary risk and where improvement is believed to be required.
	Findings categorised as green are a minor concern where action is not required but the suggested improvement should be considered or has already been actioned.

FINANCIAL SYSTEMS AND CONTROLS

- ▶ During the course of our audit testing no material errors or deviations in control procedures were identified and therefore we have nothing to report.
